

# Cyclo

## Fenner® Cycloidal

The revolutionary design of the Cyclo discs offers extra smooth and silent operation and excellent resistance to overloads. Extremely high ratios can be achieved within a very small envelope offering high efficiency in a very compact package.

### Benefits

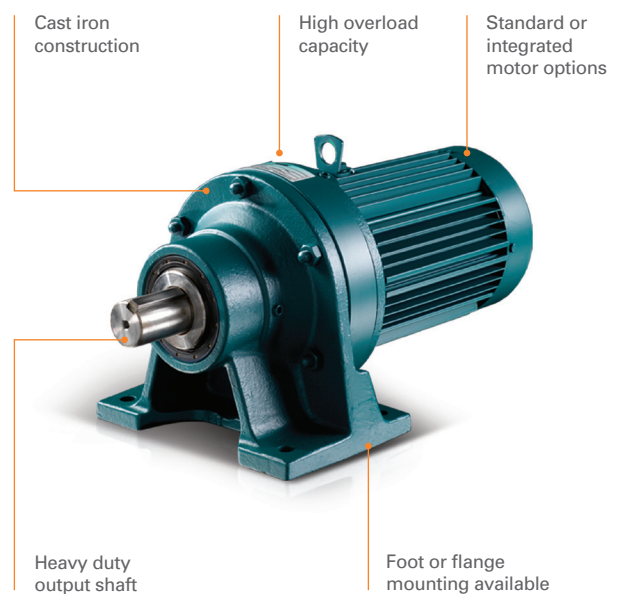

- > High overload capacity up to 500% and high efficiency, even at high reduction ratios
- > Compact size and reduced noise levels
- > High reliability with 2 years warranty
- > Exceptional life compared to other types of gearing
- > Standard IEC motor via dry fit adaptor or integrated motor option
- > Built to order

### Size Reference

Ratio's up to 658,503:1 up to 46,000Nm  
 Up to 55kW  
 21 sizes in range  
 Shaft diameters from 14mm to 170mm
